English – Fluent

PERN STACK • FULL-STACK DEVELOPER

As a dedicated and passionate Full PERN Stack Web Developer with 3 years of hands-on experience building and deploying production web applications. From front-end interfaces to backend APIs and database architecture.

Proficient in React.js, Node.js, Express.js, and PostgreSQL, with growing expertise in TypeScript. Shipped 5+ production web applications across internship, agency, and founder-level roles. Comfortable owning projects end-to-end in fast-paced, remote-first environments.

Work Experience

Founder & CEO, NFX CodeLab Innovations **Jan, 2025 - Present**
Remote, Lagos

- Founded and lead a tech studio delivering custom websites, web apps, and digital solutions for local startups and small businesses.
- Manage full project lifecycles from client discovery through deployment, ensuring on-time delivery and satisfaction.
- Own UI/UX design and technical architecture across all client projects using React.js, Node.js, and PostgreSQL.

Intern Software Developer, Ministry of Innovation, Science & Tech **July - Nov 2024**
On-Site, Alausa, Ikeja

- Built and maintained front-end components using HTML5, CSS3, and JavaScript from wireframes into responsive pages.
- Ensured cross-browser compatibility and resolved front-end bugs to improve user experience.
- Collaborated with the backend team to configure a desktop remote server using PostgreSQL.

Intern Front-End Engineer, Anchorsoft Academy **May - July 2024**
On-Site, Ikeja, Lagos

- Served as front-end team lead on a Java-backed Student/SIWES Management System, built from scratch.
- Designed and implemented UI/UX for interactive web pages, ensuring smooth user flow and usability.
- Performed testing and gathered user feedback to enhance user experience.

Full-Stack (PERN) Developer Trainee, Anchorsoft Academy **June 2023 - Mar 2024**
On-Site, Ikeja, Lagos

- Completed intensive full-stack training — the foundation of a 3-year full-stack development journey.
- Built RESTful APIs with Node.js/Express.js and implemented JWT authentication and authorization.
- Managed data storage, retrieval, and schema design using PostgreSQL.
- Configured a new server from scratch using Nginx and pm2 to track logs.

Additional Experience

Website & Social Media Manager, Wallgreen Propertied Limited **Feb, 2025 - Present**
Remote, Ikoyi Lagos

- Manage the company's digital presence and visual content, including design assets using Figma and Photoshop.
- Organize and maintain property listing visuals and digital marketing materials.
- Collected insights on post performance to know what was working and what to improve

Projects

Built and deployed **5+ production web applications** independently, including a telemedicine platform (Ayur Healthcare) and designed multiple e-commerce concepts (**Saxton Store, Mini Super Store, Vista Vault**), using React.js, Node.js, PostgreSQL, Tailwind CSS, and Figma.
